

Why you should be using EasyAppsOnline!

With more than a million completed enrollments and 5500 brokers across America, EasyAppsOnline has offered technology for your success for more than a decade.

ACA Small Group Quoting

Our easy-to-use interface allows you to run a small group ACA quote and produce a side-by-side plan comparison or a PDF proposal in less than 5 minutes.

Level Funded Screening

EasyAppsOnline works closely with the major carriers across the country. Our simplified health screening captures all the data required for accurate quotes.

Benefit Enrollment

EasyAppsOnline has simplified the setup of complex plans with age-banding, HSA, GI limits, and other criteria unique to voluntary benefits. Employees will log into a secure portal and quickly and easily pick their benefits!

New Hire Onboarding and Life Events

Simplify the process: New Hire enrollment, populate W-4s and I-9s, and upload company handbooks, all in one step. Also, allow employees to submit their qualifying life event changes directly on the portal!

Unlimited Free Training and Support

Our award-winning customer service, 4 years in a row, speaks for itself; every EasyAppsOnline customer receives all the technical support and live help they need from our friendly and patient support team.
